The company „Interlabel NuMedia“ has been founded in January 2008 and has two branches: Interlabel Music is a record label and Interlabel Bookings is the booking agency for all Interlabel Artists plus some additional DJ's and Acts.

The owner of the label Jerry Ropero is since 15 years a successful producer and DJ who has different releases on international labels like Positiva, Subliminal, Blanco Y Negro, Stealth, Joia / Nero, Royal Flush, Happy Music with projects like Natural Born Grooves, Avantgarde, Jerry Ropero feat. Cozi, Jerry Ropero & Denis The Menace, Michael Simon & Jerry Ropero feat. Kathy Brown. He also has done remixes for Tiesto, Tom Novy, Ian Carey, Danzel, Syke ,N' Sugarstarr, D.O.N.S. feat. Kadoc, Bel Amour, Heller & Farley and now his dream of his own label finally came true.

Because of Jerry's many productions and contacts Interlabel Music is some kind of outlet for producer and artist friends like Tom Novy, Richard Grey, Jonas Sellberg, DJ Mind, Michael Simon and many more.

To get the right set-up for the label they close a cooperation deal with Kontor Records in the beginning of 2008. So Kontor Records takes care of the promotion, marketing and international licensing for the products of Interlabel Music.

The first release under this cooperation has been „Clubworxx & Jerry Ropero feat. Mr. Mike – Put Your Hand Up In The Air“ which is a cover version of an old house classic named before „Black & White Brothers“ and which has as a featured artist the original MC Mr. Mike of the „Black & White Brothers“.

Other releases on Interlabel Music have been productions by Richard Grey, Chris Martin, Inusa Dawuda, Michi Lange, Harry Choo Choo Romero and cooperation with Giulia Siegel.

The newest release on Interlabel Records is now a cooperation between Jerry Ropero and Tom Novy for the project „Tom & Jerry feat. Abigail Bailey“ and they did an amazing cover version of the old classic by „Rui Da Silva – Touch Me“.

Because of this release Interlabel Records did a new cooperation deal with Wormland Music and so the exclusive online release on Beatport climbed in the Beatport Progressive House Charts on No. #1 and in the Beatport Normal Sales Charts on No. #2.

Next release in December 2009 are the remixes for „Touch Me“ which have been done by Jonas Sellberg, Deep Josh, Sandro Monte, Greg Cerrone, DJ Mind and many more. SO lets see how long the track will stay in the Beatport Top #10.

First release in 2010 will be a single by DJ Mind called Sin Salida with big exclusive remixes by David Tort, Jonas Sellberg, Harry Choo Choo Romero, Peter Presta, Dush and Valeria Croft so also this could be a Beatport Top #10 track for sure.

Next releases in 2010 will be singles by Albin Myers & Jonas Sellberg, Markus Winter, Clubworxx, Matthias Menck & Jerry Ropero and the Beautiful Beat Girls.

Interlabel Bookings does not only take care of worldwide bookings for the Interlabel artists solely. The agency also arranges an event called „Interlabel World Tour“ where 3 or more Interlabel artists gather around in the same location to perform and turn that specific event into an ultimate, unforgettable evening full of headliners, great music and giveaways.

Since 2009 Interlabel Bookings collaborates with the American label “Groove On Music” (by George Morel) and places an annually event at the WMC in Miami. In 2010 there will also be an exclusive second event for the album launch of the Tom & Jerry Project.

Interlabel CEO Jerry Ropero as well as many other DJs travel the world a lot and pick up different and massive impressions in each country they enter. Sometimes being a DJ or artist is not as amusing as it seems to be, due to seen poverty and cruel life circumstances in diverse cultures. That is why lately Interlabel Bookings also organizes and participates in charity events for the Lotus Flower Foundation in Thailand and Mother Theresa Charity Event in Albania. All artists provided by Interlabel renounce their fees for good purpose.

To achieve better corporate communication and organization Interlabel has founded another company called „Interlabel Asia Communications Ltd.“ in Bangkok/Thailand. The company is specialized in sponsorships, event organization and of cause bookings.

**Founded in 2008 Interlabel NuMedia will expand steadily in the future. Forthcoming highlights are the „Interlabel World Tour 2010“, the launch of TV and video production services (Interlabel TV) as well as upcoming releases.**
